WHAT DOES TRANSFORMATIONAL TEACHING LOOK LIKE?

1. Have students ask questions & solve real-world problems.

2. Questions should require students to:
   - Analyze
   - Synthesize
   - Create
   - Empathize
   - Interpret
   - Reference background knowledge
   - Defend alternative perspectives
   - Determine what they know & don’t know

3. Organize students into learning groups.

4. Make learning segments manageable through modeling & mastery.

5. Guide, facilitate, challenge, & support.
